R.Adm. Peter K. Cullins, USN
Commander, NAVDAC
Department of the Navy
Washington, D.C. 20374

Dear Admiral Cullins:

I am pleased to bring to your attention the outstanding presentation Captain Grace Hopper, USNR, gave at CIA recently. On July 7, 1977, Captain Hopper gave a two hour talk to 70 CIA data processing personnel on "The Possible Future of Computers." By all reports, the attendees were inspired, motivated, and enlightened.

Please express my personal thanks to Captain Hopper, on behalf of CIA, for sharing her ADP experiences and insights with us. We were honored to have her visit us.

Clifford D. May, Jr.
Director of Data Processing
